Reynolds is the Bucs' long snapper, the guy holding the damn thing. Like Chris Finke, the Bucs' new punter, Reynolds is a rookie first-round draft pick. Like Josh McCown, the starting quarterback, Reynolds is the first punter drafted by the Bucs since Zoltan Mesko in 2004. "I love it. I love it. I love it," Reynolds said. "It's tough physically, for sure. But at the same time, it's fun. You have to be good, especially in the National Football League, just to be able to do what you do." Vincent Jackson (far left) and first-round draft picks Mike Evans and Lavonte David work out at OTAs earlier this month. Michael Perez/Getty Images Add him to the growing list of first-round picks on the Buccaneers roster. As much as it's good news that the new-look team has a boatload of first-round draft picks and is already experiencing some success, a lot of the Bucs' fan base hasn't quite grasped yet that their team has used that first overall pick on an offense line, a wide receiver, a running back and a punter. That's just the offense line. Then you add in a fourth-round draft pick, the fifth-round selection and some free-agent acquisitions. But none of that matters to Reynolds. All of it is about the Bucs' new, younger offense line. And since Reynolds was selected with the 26th pick in the April draft, he's got a lot more time to get adjusted to his new surroundings than many of his rookie teammates. "I do. I see my role more as a second-
